

**ESRI Software Promotion for GIS Students at Institutions  
with a Campus-Wide Site License**

**Environmental Systems Research Institute (ESRI) is again saying  
Thank You for your continued support of the  
Utah Statewide ESRI Higher Education Site License**

**By providing Arcview 9.2 and Extensions Student Edition –  
One-Year timeout Education Use Only Software *to be used free of charge on student  
owned computers.* We also have access to no or discounted cost Virtual Campus  
Courses and Books through our Utah Statewide ESRI Higher Education Site  
License contacts.**

- **Utah Statewide ESRI Higher Education Site License Participants:**
- Utah State University, University of Utah, Brigham Young University Utah,  
Brigham Young University Hawaii, Brigham Young University Idaho, Southern  
Utah University, Weber State University, Salt Lake Community College; To be  
added May 1<sup>st</sup>: Utah Valley State College; To join later: Westminster College;  
and 3 others are waiting for a little more growth.

**The following instructions should help you obtain these resources. I tested the  
website today and all went well. <http://www.esri.com/slpromo> converts to  
<http://gis2.esri.com/industries/education/promo/index.cfm>**

Many Professors have found these resources helpful with online, directed readings,  
special topics, undergrad research, GIS or courses with GIS components (when students  
want to work at home or on their own laptops at school). The software is to be loaded on  
student owned computers only. **Not Institution or Project owned computers.**

I hope you will all take advantage of these offers. We would not have these available,  
without your support of our great Utah Statewide ESRI Higher Education Site License.  
Let me know if you have any questions. Thank you for your support and Take Care.

More Specific Items of Interest from ESRI on Page 2 & 3

## ESRI Software Promotion for GIS Students at Institutions with a Campus-Wide Site License

### ArcView 9.2 and Extensions Student Edition – One-Year Education Use Only

ESRI offers ArcView Student 1-year timeout software to students taking GIS-related courses at universities and colleges with ESRI campus-wide site licenses. To verify eligibility, ***the free timeout software must be shipped to a professor at a valid campus address for which an ESRI Site License exists.***

<http://www.esri.com/slpromo> converts to <http://gis2.esri.com/industries/education/promo/index.cfm>

**NOTE:** The ArcView 9.2 and Extensions Student Edition Software will be available to ship on February 12, 2007. Requests are usually filled in 7-10 business days. The student software media is shipped UPS ground. To begin the process, PLEASE read the [FAQs](#), and then fill in the information below. After you receive the software, please have your students read the FAQs before they load the software on their ***(student owned)*** computers. ***Not Institution or Project owned computers.***

**Disclaimer:** Offer is valid for U.S. Addresses only. If you are outside the U.S. and would like to inquire about educational software licenses, please contact your local [ESRI distributor](#).

## ESRI Press Desk Copy Request Form

Qualified faculty who will be adopting the requested text as a required course book may request a complimentary copy of the book by submitting a request at: [http://gis2.esri.com/library/esripress/press\\_book.cfm](http://gis2.esri.com/library/esripress/press_book.cfm)

## The GIS&T Body of Knowledge book

is now available to order. [www.aag.org](http://www.aag.org). It's received good reviews. "Organized thematically by "knowledge areas," the GIS&T Body of Knowledge presents a broad diversity of topics ranging from analytical methods and data modeling to GIS&T in society. It is expected that this book and its subsequent editions will become an important reference work and classroom resource for teachers, students, and GIS&T professionals alike.

# ESRI Virtual Campus Courses and Instructor Led Training

ESRI Campus Wide Site Licenses provide unlimited seat access to ESRI-authored Virtual Campus courses for faculty, staff, and students. These are primarily technology courses that teach ESRI software and the Spatial Analysis of Geohazards course. ESRI Higher Education Site Licenses and ArcGIS Lab Kits include an ESRI Virtual Campus [Standard Subscription](#), which only includes ESRI-authored courses and workshops. Access to the Virtual Campus courses is managed by your institutions site license administrator or coordinator.

<http://training.esri.com/gateway/index.cfm>

University, College, and K-12 Faculty and Staff are eligible to receive a 40% discount on ESRI Instructor Led Training at an ESRI Training Center.
